

Plastic Yokebox Lids and Upper Sections

- All plastic lids are locking
- Plastic lids are available for standard, enlarged and long yokeboxes
- Optional lid bracket for mounting standard size ERT units
- A plastic enlarged upper section, with lid, for our standard yokebox provides additional space for mobility when installing or removing the meter
 - Adding a 4" plastic riser to the enlarged yokebox will increase the height to accommodate a larger ERT unit
 - Plastic lid for the enlarged upper section can be ordered with an optional bracket for mounting a standard ERT or larger ERT unit
