## **CERTIFICATION for F101 & FC101 SERVICE SADDLES**

This is to certify that Ford Iron Service Saddles, sizes 2” through 12”, shall be manufactured of ductile iron per ASTM A536 with an EPDM rubber gasket per ASTM D2000. The ductile iron saddles shall have a fusion bonded epoxy finish. F101 style saddles shall have steel, zinc plated straps per AISI C1010 with a Trivalent seal. FC101 style saddles shall have Grade 18-8, Type 304 stainless steel bands. Taps are available with either Iron Pipe or CC (AWWA) threads.

F101 and FC101 saddles are manufactured in the United States of America unless ordered with a “-I” suffix, indicating a saddle is imported.
