CERTIFICATION
for
YOKEBOXES WITH LIDS

This is to certify that yokeboxes with lids, as manufactured by The Ford Meter Box Company, Inc., Wabash, Indiana, listed in our Product Catalog, meet ASTM Specifications A48, Class 25. Ford Yokeboxes, including iron castings and brass components, are manufactured in the United States of America.

This is to also certify that all brass valves, outlet pieces and expansion connections shall meet the requirements of UNS/CDA No. C89833 as listed in the ANSI/AWWA C800 Standard, and the products produced with this alloy shall meet NSF/ANSI Standard 61 and/or NSF/ANSI Standard 372 as applicable, complying with the Safe Drinking Water Act.

In addition, all brass goods designed to hold internal water pressure shall be individually tested by the manufacturer as an integral part of the production process. This requirement shall apply to each individual product; "batch" testing is not allowed.
